attwood 3-Mile Anchor/Masthead Lights

Anchor/Masthead light has a sleek, clear lens design. The light adjustment has been made easier with the addition of a cam-lock adjustment handle. For use on boats up to 65.6' (20 meters) provides a complete 360°, 3 mile visibility. Includes two 10 watt festoon lamps. Masthead light provides 225° arc of light while underway and at anchor. When anchored, the anchor light illuminates to provide the remaining rear facing 135° arc of light. Constructed of durable, engineered alloyed plastic resin. Includes horizontal and vertical mount base styles.
