**BLUE SEA SYSTEMS**

**WeatherDeck™ 12 Volt Water Resistant Circuit Breaker Panels**

- Designed for flybridge and open cockpit applications
- Constructed from corrosion resistant materials
- Independent label backlighting circuit for remote switching and dimming
- UV stabilized and weather resistant faceplate
- Rated IP67—"Temporary Immersion"
- Rugged UV stabilized waterproof boots protect switches and circuit breakers
- Each panel can be mounted in four different orientations
- Available in 4 and 6 circuit models
- Includes 4215 – 30 label set

**Specifications:**

Panel Material: Reinforced Polycarbonate. Cover Material: Weather Resistant Thermoplastic. Maximum Voltage: 12 Volts DC. Maximum Amperage Per Circuit: 15 Amperes. Switch Type OFF/ON Toggle with waterproof boot. Switch Rating: 15 Amperes Maximum. Backlighting Voltage: 12 Volts DC Nominal. Backlighting Amperage Draw: 10mA/Illuminated Circuit. Circuit Breaker Type Thermal Reset Only with waterproof boot. Circuit Breaker Rating: 15 Amperes.

BSS 4386	6 Position Panel White	\$134.29

**BLUE SEA SYSTEMS**

**DC Analog Voltmeter**

- 8-16 Volts DC
- Standard Size: 2-3/4" face meter
- Simple 2-wire connection
- 1 milliampere amperage draw
- 3% of scale arrange accuracy

ORDER NO.	PRICE
BSS 8003	\$37.53

**DC Ammeters**

- 0-25A DC
- Standard size 2-3/4" face meter
- Simple 2-wire connection
- 1 milliampere meter operating smperage
- 3% of scale range sccuracy
- Internal shunt type

ORDER NO.	PRICE
BSS 8005	\$47.91

**SEA-DOG**

**Master Control Panel with Gauges**

Model #423421 allows full knowledge and control of incoming AC power and is suitable for most yachts. Panel features include 30 amp double pole main breaker, 3 single pole breakers; 1-10 amp, 1-15 amp, and 1-20 amp, with the capabilities to add 2 more breakers, a 150 volt AC panel meter and a 50 amp AC panel meter.

SIZE	MAIN BREAKER	BREAKERS
7-1/2" x 10-1/2"	30 amp	3-AC/DC

SDG 423421	\$375.00

**BLUE SEA SYSTEMS**

**LED Indicator Light**

- Easily installed in any Blue Sea Systems' circuit breaker panel
- Simple push-in installation mounts in any thickness material
- Useful as general indicator and alarm lights
- Mounting hole size 11/64"
