

**100A 125/250V Ship-to-Shore Devices**

**NEW**

The Following 100 Ampere Ship-To-Shore Devices Will Be Drop Shipped From The Factory.

**Gray Nylon Shore Power Inlet**

Has gasketed, spring-loaded cover which closes automatically when not in use and is watertight when securely fastened. Mounting holes are 4.88 in. on centers and rear portion has 3.94 in. diameter. Mounting screws and gasket included.

M4100B12R

**Watertight Connector**

Yellow Zytel® super tough nylon watertight connector body has gasketed locking ring to make inlet/connector interface watertight. Cord grip range is 1.00–1.94 in. Note: This device mates with shore power inlet only.

M4100C12R

**Back Box**

15° angle cast aluminum back box has corrosion resistant gray finish and top hub with 1-1/2 in. N.P.T. 100A receptacles can be mounted directly to it.

BB1001W

**Nylon Watertight Plug**

Yellow Zytel® super tough nylon watertight plug has gasketed locking ring to make plug/receptacle interface watertight. Cord grip range is 1.00–1.94 in.

M4100P12

**Dockside Receptacle**

Gray nylon dockside receptacle has gasketed, spring-loaded cover. Closes automatically when not in use and is watertight when securely fastened. Mounting holes are 4.88 in. on centers. Mounting screws and gasket included.

|---------------|------------------------|----------|
| HUB M4100B12R | 100A Shore Power Inlet | \$702.70 |
| HUB M4100C12R | Watertight Connector   | \$752.45 |
| HUB BB1001W   | Aluminum Back Box      | \$200.25 |
| HUB M4100P12  | Nylon Watertight Plug  | \$717.70 |
| HUB M4100R12  | Dockside Receptacle    | \$750.45 |

**Intelligent Y Adapter For 100 Amp Shore Power Systems**

**NEW**

Designed to work with vessels equipped for 100 Amp 125/250 Volt shore power systems with an isolation transformer on board (isolation transformer must be present for the YQ100PLUS to function properly). The YQ100PLUS allows the vessel to access two 50 Amp 125/250 Volt receptacles to achieve 100 amps, 250 Volts.

| ORDER NO.     | PRICE     |
|---------------|-----------|
| HUB YQ100PLUS | \$5394.00 |

PLUS... It will now allow the vessel to access a single 50 Amp 125/250 Volt receptacle as a single adapter to achieve 50 Amp 250 Volt power. The unused "B" leg will not be energized.

**homeSELECT™**

**Phone/Cable/Satellite**

Designed for CATV/satellite applications, these devices offer an economical alternative to basic performance needs.

- High impact resistant plate, white

1-Gang Plate, Single F-Type Coupler Bulkhead, Female to Female
