CES 27640	\$144.12

SMITH. LED Lighted Post Style Boat Guides

- LED Lighted top for great visibility
 - 40" or 60" total height
- Combination amber and red light provides added safety lighting for improved visibility when trailering on the road. Light clearly marks where the trailer is behind tow vehicle when backing down a ramp in the dark. Red light faces backward. Amber light faces forward. 2" PVC tube is notched to prevent twisting. Includes wire and wire connectors and all mounting hardware for frames up to 3" wide x 4-1/4" height. Does not replace mandated trailer lights.

Top LED Light Kit for Post Guides
Add a pair of these amber and red lamps on top of your existing post guide-ons and see your trailer's position clearly as you back. Also serves as an added safety light to improve the visibility of your trailer on the road. Kit includes two lamps each with 8 ft. of wire, all necessary electrical connectors, and post locking bolts.

- Does not replace mandated trailer lights
