

SE SPORT SPORT MARINE TECHNOLOGIES INC

Hydrofoils

Reduced planning speeds:

Stay on plane at much lower speeds for a new boating experience.

Cornering:

Defeats cavitations and prop blow out. The unique TURBO TRAC and curved control surface improve thrust and enhance performance with crisp turns. Patented sleek shape: Rated fastest in independent tests. Our narrow footprint assures less resistance at any trim position for greater speed. The SE SPORT will maintain your top end speed better than any foil on the market while reducing cavitations and prop blow out. Owners of the SE Sport will find improved 'out of hole' performance, prop efficiency and in sharp turns.

Especially effective on deck boats and pontoon boats.

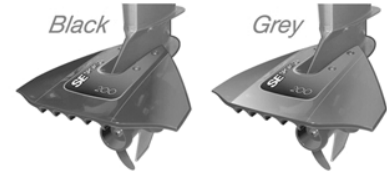

SE300 For engines 40 horsepower and up

SE200 For 8 to 40 horsepower engines

ORDER NO.	DESCRIPTION	PRICE
SE Sport 300 for engines 40 horsepower and up		
SMT 71614	SE300 Black	\$69.99
SMT 71615	SE300 White	\$69.99
SMT 71616	SE300 Grey	\$69.99
SE Sport 200 for engines 8 to 40 horsepower		
SMT 72424	SE200 Black	\$59.99
SMT 72426	SE200 White	\$59.99
Mounting Hardware		
SMT 73737	Standard Hardware Kit	\$6.99
SMT 73738	Hardware Kit – Volvo SX-A, 280 & 290	\$6.99
SMT 73434	Drill Free Sport Clip	\$49.99

Doel-Fin by **DAVIS**

Doel-Fin® is the original hydrofoil developed by an aeronautical engineer to **improve overall performance on all boats with outboard motors or outdrive units.** Molded in 2 pieces of guaranteed unbreakable, high-strength plastic, each foil is designed to flex independently to absorb shock. The positive effects include greater stability, consistent planning at lower RPM, faster out-of-the-hole performance, steadier turns, higher top-end speeds and lower bow rise at all speed.

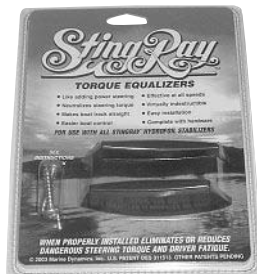

- Doel-Fin improves overall performance – even on boats with well-designed hulls
- Save up to 30% on fuel consumption
- Faster out-of-the-hole for happier water skiers
- Maintain lower planning speeds without constant throttle adjustments for wakeboarding, tubing or beginning skiers
- Less bow rise for better visibility and increased safety.

ORDER NO.	PRICE
DAV 440	\$35.99

StingRay Torque Equalizers

When added to the bottom of your Sting Ray Stabilizer, these torque equalizers are like adding power steering to your boat. Neutralizes steering torque; makes boat track straight. Easily installed.

ORDER NO.	PRICE
MDY TEXP1	\$15.95

StingRay XP II Hydrofoil

Hydrofoil Stabilizer now made with Speed-XP™, an extreme performance hydrophilic material, making the worlds fastest hydrofoil stabilizer even faster! Speed-XP is a clear hydrophilic (water-absorbing) material that is thermally bonded to the base polymer material of the hydrofoil. The surface of this material is hard when dry and looks like a new wax job-however the “magic” of its performance is released when the surface becomes wet...Speed-XP™ acts like a microscopic sponge when wet and will bind a very thin layer of water to the surface of the hydrofoil. The result is running water on water – a dramatic reduction in hydrodynamic drag and improved performance.

ORDER NO.	DESCRIPTION	PRICE
MDY SRXPII	Black XP II	\$78.95
MDY SRXPII2	White XP II	\$78.95

Junior XP II for up to 40HP

ORDER NO.	DESCRIPTION	PRICE
MDY JRXP1	Black Junior XP II	\$49.95

StingRay XR III Hydrofoil

The Premier Stabilizer in the Hydrofoil line
Same great added benefits as the XP II design
PLUS

- No Drill Mounting Design
- Sleeker Hydrodynamic Profile
- Captive Prop-Wash Resulting in Improved Thrust
- Fastest Hole Shot of all Hydrofoils

ORDER NO.	DESCRIPTION	PRICE
MDY XRIII1	Black XR III	\$149.95
MDY XRIII2	White XR III	\$149.95

Junior models for up to 40HP

ORDER NO.	DESCRIPTION	PRICE
MDY JRXRIII1	Black	\$129.95
