

334 TRIM PLANES

Bennett Trim Tabs

Built to last and proven to offer years of maintenance-free service. Improve lift and stability, using the power of hydraulics for greater performance, precision and durability. Get up on plane faster, reduce fuel consumption and eliminate listing. There are no electric motors underwater to cause premature failure. Instead, the hydraulic pump is housed inside the boat in a secure, dry environment. No hoses or wires exposed to the elements. All kits are standard 12 volt with two thru-transom actuators, two stainless steel trim tabs, a hydraulic power unit, all necessary wiring, tubing, hardware, and installation instructions, 5-year limited warranty.

Electro-Hydraulic Trim Planes

(Controls must be ordered separately)

Standard 9" Chord

(Longitudinal Width)

ORDER NO.	PLANE SPAN	HULL LENGTH (Approximate)	PRICE
BEN 9X10TM	10"	15' - 19'	\$605.00
BEN 9X12TM	12"	15' - 19'	\$605.00
BEN 9X18TM	18"	19' - 24'	\$657.00
BEN 9X24TM	24"	22' - 27'	\$684.00

12" Chord

(Longitudinal Width)

We recommend the 12" chord for boats where the configuration of the bottom limits the plane span (total of both planes) to less than 2" per foot of boat length. The 12" chord should always be used on heavy boats that have a relatively slow cruise (less than 15 mph) and on boats over 50 feet in length. This model has vertical stiffeners for high-performance boats.

ORDER NO.	PLANE SPAN	PRICE
BEN 12X12TM	12"	\$658.00
BEN 12X18TM	18"	\$684.00
BEN 12X24TM	24"	\$709.00
BEN 12X36TM	36"	\$784.00

Trim Plane Assembly

Please Specify When Ordering:

- Transom mounting planes
- Bottom mounting planes (Special order)

ORDER NO.	PRICE
BEN TPA12X12	\$139.00
BEN TPA12X9	\$124.00
BEN TPA18X12	\$153.00
BEN TPA18X9	\$139.00
BEN TPA24X12	\$169.00
BEN TPA24X9	\$154.00
BEN TPA30X9	\$174.00
BEN TPA30X12	\$190.00
BEN TPA36X12	\$214.00

Hydraulic Power Unit

A compact powerhouse that creates hydraulic pressure to lower and raise the trim tabs. It employs two solenoid valves to direct the flow of fluid to the actuators. The solenoid valves lock tightly to secure the tabs in place. Strength to lower and hold even the largest tabs in place. Lexan cover protects electrohydraulic unit from occasional wash down and translucent reservoir allows fluid check at a glance. Installs easily with sturdy mounting bracket. Replacement unit. 12 volt.

ORDER NO.	DESCRIPTION	PRICE
BEN V351HPU	Power Unit	\$362.00

Euro-Style Waterproof Rocker Switch

ORDER NO.	DESCRIPTION	PRICE
BEN ES2000	Rocker Switch	\$88.00
BEN ES2000A	Rocker Switch w/20' Harness	\$117.00

Trim Tab Position Indicator

The Bennett TPI is attractive, compact and easy to install.

- Precise and accurate
- Waterproof casing
- Works with all Bennett trim tabs
- Low intensity for night – high intensity for day
- Display mounts in standard 2" gauge hole
- Comes complete with new upper hinges with sensors, wiring and mounting hardware

ORDER NO.	PRICE
BEN TPI2000	\$260.00

Electronic Indicator Control

Three In One!

This popular rocker switch has a built in trim tab indicator. It is waterproof, highly accurate and features variable intensity LEDs for night or day. Plus, it comes with an auto tab retraction feature! Just turn off your ignition switch and your tabs automatically retract.
