DetMar

I/O-O/B Swim Platform

With one wrap-around S.S. rail and one underside bracket and support tube.

DetMar's handsomely styled, maintenance-free platforms keep their appearance for the life of your boat. The platform's high-strength polypropylene construction will not bleach, fade or crack even under the harshest sun and salt water conditions. Fold down ladder features soft vinyl step for boarding ease and comfort. Ladder folds up into molded recess for secure running. Ladder is hinged underneath platform, out from underfoot. The unique design features an attractive woodgrain finish with no-slip ribbing. Platform measures 20" wide by 16" long. One inch diameter tubing is polished stainless steel. All stainless steel fasteners included.
