

TACO **Accessory-Ready™ Anodized Aluminum T-Top**

This T-top assembles and installs without welding. The Neptune T-top's pre-welded components are engineered to offer the same strength and durability as factory-installed tops. Its modular design allows for overall width and depth adjustments as needed to fit a boat's console.

The top's outer ring features TACO's, Accessory Ready adapters for easy installation & adjustment of rod holders and accessories. With this unique technology, the angle and positioning of rod holders and other accessories can be adjusted with a standard Alien wrench. All T-tops come standard with TACO's patented Outrigger Ready plates allowing for easy installation of TACO's Grand Slam Outrigger Mounts.

TACO **Outrigger Line Caddy**

Now an easy way to manage outrigger lines while on board. With TACO's new clamp-on Outrigger Line Caddy, anglers have an easy way to store line while outriggers are rigged and in the retracted position. By simply clamping the pair of outrigger line caddy ears onto the outrigger pole at the desired distance, the excess rigging line is wrapped around the outrigger caddy ears to keep lines neat and orderly.

- Easy clamp-on installation
- Designed to fit all standard outrigger sizes
- Durable black nylon to withstand the marine environment
