

Spar-fly™

America's most popular wind Indicator, the SPAR-FLY combines needle bearing balance, high impact plastic, and marine grade metals for unsurpassed sensitivity and durability. Spoiler holes in the vane reduce lift and increase accuracy. The SPAR-FLY is unaffected by angle of heel. Comes equipped with both a top mount fitting and the new, quick release side mount. Easily seen from the deck because of its "V" shaped silhouette and bright red color. Weighs only 1.25 oz.

1311 Extra SPAR-FLY Vane

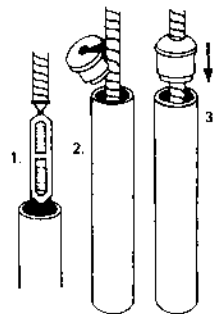

ORDER NO.	PRICE
DAV 1310	\$25.99
DAV 1311	\$7.99

Turnbuckle Boots with Caps

1. Unpin turnbuckle, then slip boot over turnbuckle
2. Spread cap and snap onto cable
3. Press cap into boot

NOTE: Cap can be cemented to boot for permanent assembly. Use Davis Turnbuckle Boot Cement. Lift for easy inspection & adjustment of turnbuckles.
