

NEW

Diamond Braid 8 Strand Polypropylene Hollow Braid

Perhaps the most practical and inexpensive synthetic rope on the market. Its hollow core provides a high knot retention and is easy to splice. Fiber is treated with UV stabilizers for sunlight durability. White.

ORDER NO.	SIZE	PRICE
UNI 500246W	5/8" x 1000'	\$74.04
UNI 500253W	3/8" x 1000'	\$111.63

Twisted Nylon Rope Spools

Strong, durable, flexible and shock absorbent. Twisted nylon stretches up to 40% before breaking. Ideal for docking, anchoring or pulling. Spliceable. Resists chemicals and abrasion.

ORDER NO.	SIZE	PRICE
UNI 14600	1/4" x 600'	\$70.71
UNI 516600	5/16" x 600'	\$120.47

BRC 2152012	5/8 x 1200'	10,400	\$1262.73

Solid Braid Nylon

A strong firm, uniformly round rope with excellent handling characteristics. Works exceptionally well in blocks and on winches, because it does not flatten out under load. Has elasticity that allows it to absorb sudden shock loads
