AM/FM Tuner (faceplate and black box)

To reduce the problem of water intrusion, the MBB126 comes with a waterproof faceplate as well as a separate box, functioning as the "brain" of the unit, that can be placed anywhere. This box allows boaters to put it in an area that is more protected from water. An additional feature that gives this unit extra flexibility is that having simply a faceplate to operate the unit means that there are no depth restrictions on where to place it. The faceplate can be mounted just about anywhere on the boat.

- Black box technology
- AM/FM tuner
- Waterproof face
- 4 x 40 watts
- RCA output
- iPod®-ready (aux-in)
- Silver
