

Seastar Helm Seal Kits and Parts

HELM DESCRIPTION	PRODUCT DESCRIPTION	SEAL KIT PART NO.	PRICE
SeaStar 1.7, 2.0 and 2.4 Helm Pumps manufactured from 1990 to Date. HH 5271, HH 5272, etc.	Seal Kit	TEL HS5176	\$49.49
SeaStar 1.7 and 2.4 Helm Pumps manufactured from 1984 thru 1989.	Seal Kit	TEL HS5151	\$36.99
SeaStar 1.7 and 2.4 Helm Pumps manufactured from 1984 thru 1989 .(Pk-10)	Shaft Seal	TEL HS6038	\$15.49
Vent Cap	Miscellaneous	TEL HA5431	\$12.99
Non-Vented Cap	Miscellaneous	TEL HA5432	\$10.49
Filler Kit	Miscellaneous	TEL HA5438	\$16.99
All BayStar Helms	Seal Kit	TEL HS5147	\$9.40

Seastar Outboard Cylinder Seal Kits

CYLINDER PART NO.	PRODUCT DESCRIPTION	SEAL KIT PART NO.	PRICE
HC 5340 (Snap Ends)	Seal Kit	TEL HS5152	\$51.99
HC 5340 (Screw ends), HC5342, HC5345, HC5347 HC5348, HC5358, HC5365	Seal Kit with Tool	TEL HS5157	\$120.60
	Seal Kit with out Tool	TEL HS5167	\$95.49
HC5370, HC5371	Seal Kit	TEL HS5153	\$43.99
HC5380	Seal Kit	TEL HS5154	\$33.10

Seastar Inboard Cylinder Seal Kits

CYLINDER PART NO.	PRODUCT DESCRIPTION	SEAL KIT PART NO.	PRICE
HC5303, HC5312, HC5328, HC5335 HC5338	BA125-3ATM, BA125-7ATM, 125-8EMV Stern, BA125-8ATM, 125-8EM	TEL HS5154	\$33.10
HC5313, HC5327, HC5332	BA135-7ATM, BA135-8EMV Stern, BA 135-7	TEL HS5155	\$33.10
HC5314, HC5326, HC5336	BA150-7ATM, BA150-7EM Stern, BA150-5ATM	TEL HS5156	\$32.50
HC5329, HC5330, HC5331	125-8VPEM Stern, BA125-8EMV Stern, 92VPS Stern	TEL HS5154	\$33.10

SeaStar Tubing

For Systems Installed With Copper Tube (Except OMC Seadrives)

- For SeaStar I Systems use one each...HF5507, two each 2'/.6 m nylon tube and fittings.
- For SeaStar II Systems use one each...HF5508, two each 2'/.6 m hoses and fittings.

Note: Single steering station systems require two lines from the helm to the cylinder. Additional steering stations or autopilots require three lines between stations or autopilot pumpset.

Use 3/8" O.D. soft copper tube or SeaStar hose. Copper tube is a good alternative for SeaStar nylon tube or SeaStar hose. Optimum system performance is obtained with copper tube due to the rigidity and larger inside diameter. 3/8" copper works with standard SeaStar fittings. A cylinder hose kit is required.

Tubing is available in the following lengths:

ORDER NO.	LENGTH	PRICE
TEL HT5092	25'	\$60.60
TEL HT5095	50'	\$97.99
TEL HT5100	100'	\$199.99

Caution:

This flexible tube is recommended for SeaStar I Sterndrive, Seadrive and Inboard Systems only. SeaStar nylon tubing is not recommended for:

- SeaStar II Systems
- SeaStar I Systems that require more than (approximately) 100 feet/30.5 m of tube run (total)

Inboard Cylinders Specifications

PART NO.	CYLINDER MODEL	BORE DIAMETER	NOMINAL SHAFT DIAMETER	STROKE	VOLUME (cub.in.)	TORQUE (see note)	PRICE
