TEL 48210	Angle Mounting Bracket Stainless Steel	\$47.30

**MORSE**

**Twin S Lever Control**

Twin S top mount two lever controls are for use on boats with inboards, outboards and I/O's with hydraulic transmissions. The Twin S can be used to control clutch and throttle. An excellent control for dual station rigs made from high quality, corrosion resistant materials, it features adjustable stops (under nameplate), adjustable brake for each lever and an optional detent kit. Uses 33C, 33C Supreme or 43C Red-Jaket® control cables.
