

Control Cables

33C Red-Jaket® Supreme

Order length in feet...301947-003 33C Supreme represents the latest in cable technology designed specifically for use on multiple station applications where complex cable routing makes control operation unsatisfactory with ordinary cables.

33C Red-Jaket®

Order length in feet...32377-003 33C Red-Jaket® cables are the industry standard for use with inboards, I/Os and outboards. Constructed of stainless steel core wire with stainless and nickel plated brass output ends. 33C has 3" travel and #10-32 threads.
