

Quick Connect Plumbing

Sea Tech connectors incorporate an exclusive O-ring Guide for improved reliability. This unique feature insures zero-leak connects by:

- Protecting the O-ring from damage during assembly
- Increasing the connectors side load capacity
- Correctly aligning the tubing with the O-ring every time.

The Sea Tech System incorporates Stainless Steel Gripping Teeth in its Collet. These corrosion resistant teeth allow the connectors to interconnect with multiple materials without the need for special tools.

- Color coded – metric sizes (15mm) are black and inch sizes 1/2" CTS (5/8" O.D.) are white.

Union Tee

ORDER NO.	SIZE	PRICE
STI 0111231515	15 mm	\$8.50
STI 01242310	1/2" CTS	\$8.40

Union Elbow

ORDER NO.	SIZE	PRICE
