

Livewell/Baitwell

Cartridge Pumps These pumps are built on Rule's unsurpassed quality and leadership in pump design and technology. The innovative design includes many new and exciting features including a quick, one hand "push button" motorcartridge removal system, patent-pending rotatable base that allows you to position the discharge nozzle at any location, and threaded nylon hose barb attachments, which allow for various hose mounting options. Other features include a built-in dual port option, water-cooled housing, and positive snap motor cartridge locking mechanism. Pumps are available in 500 GPH, 800GPH, and 1100 GPH and are fitted for transom or seacock mounting options.

Basspirator II™ Cartridge Aerator Pumps

"Livewell Aerating Pumps"
Mayfair's exclusive anti-airlock design ensures a smooth uninterrupted flow of water to your livewell even in the roughest condition. Motors are more powerful and water cooled for extra long life. Patented cartridge concept allows anglers to make quick changes for service, and cleaning as easy. Mayfair offers livewell pumps in 500 GPH and 750 GPH capacities with two different intake configurations of straight and 90°. Mayfair Cartridge Aerator Pumps offer the ease of convenience and years of reliable service.

- Exclusive Anti-Airlock Design
- Carry a spare
- Easy maintenance
- Quick upgrade

In-Well Aerator

Use it as your primary aerator or to recirculate while you're making a long run up the lake, or aerate your catch while the boat is still on the trailer. A dependable 500 gph cartridge style pump forces water through the aerating head to provide vital oxygen for respiration. Complete unit consists of pump, aerator spray bar with double valves, attractive lighted and fused switch. 3 ft. of 3/4" thru hull fitting, 1 ft. of 3/4" clear tubing, and 16 ft. of wire.

JHN 34024	In-Well Aerator	\$90.44
JHN 28552	Repl. Cartridge (500 GPH)	\$20.80

Portable Aerator Kit

Aerates from 5 to 30 gallons of water. The Rule 460 gph pump attaches easily with suction cups to any non-porous surface. 9" long spray tube can be custom cut to fit into any container. A fully adjustable spray head increases or reduces flow of water. Foam filtration system keeps water sparkling clean. The kit also includes battery clips for easy attachment to your 12 volt power source.
