JABSCO®

Self-Priming Drill Pump kit

The Jabsco self-priming drill pump chucks into a standard 1/4" drill motor and pumps up to 3-1/2 GPM (13 L/min). Use it for draining engine oil through dipstick tube, pumping, scavenging jobs and many uses around the boat or home. Included are 3 feet of 1/2" hose, probe adapter and 1/4" x 40" dipstick probe. Also includes two 3/4" garden hose port adapters mounted on 1/2" barbed ports.
Not For Pumping Gasoline Or Flammable Liquids.

ORDER NO.	DESCRIPTION	PRICE

SHURflo®

- Easy to use.
- 1/4" shaft fits standard drill.
- Self-Primes to 8 feet vertical, 25 feet horizontal.
- Pumps liquids 40°F-120°F.
- BUNA-N impeller and seals.
- 3/4" male garden hose parts.

Attaching to any standard drill motor, the Shurflo® drill pump has a variety of fluid transfer uses. Ideal to pump water from appliances, aquariums, water beds, sinks, toilets, or drums. The 1/4" oil probe easily allows the transfer of oil from cars, boats, lawn and farm engines and equipment. The Shurflo® drill pump is not intended for use with flammable liquids, or in flammable environments.
