CleaRinse Washdown System

CleaRinse is a portable self-contained softening and filtrations system for boats, RV's and aircraft. Incorporating the same technology found in professionally installed commercial systems, CleaRinse traps harmful, finish damaging minerals and chemicals that can spot and etch windows, paint, fiberglass, brightwork and metal.

The CR2 CleaRinse system is recommended for boats up to 65' in length. Softens and filters up to 2000 gallons of water before recharging. 10 Micron pre-filter (included) removes chlorine and sediment. Unit comes complete with connection hose, recharge canister and instructions. Optional digital meter tracks consumption to accurately monitor water usage. 29"L x 16"W x 9"D
