Washdown Pump Kit

The washdown pump provides boaters of small to medium vessels with a cost conscious and size maximized higher pressure pump. With a sealed pump head and motor, this model provides the same ease of installation as all Jabsco water pressure pumps. Each pump includes a strainer, nozzle, and fittings for most installations.

- Compact 3 chamber design for greater pumping efficiency
- Pressures up to 60 PSI
- Corrosion resistant
- Sealed Motor
- Self priming up to 6 feet
- ISO 8846 MARINE (ignition protection)

Flush Mount Stainless Steel Fitting

Perfect solution to remove that unsightly hose bib deck fitting and rusty knob. This will enable you to connect your water hose in seconds.

- Position this 316 Stainless Steel fitting close to your anchor windlass to clean those muddy anchors. Or locate one on each side of your vessel to make those cleanups much easier.
- Just combine the Quick Release Deck Washdown fitting with a Hose Coil Washdown hose and a high volume Jabsco PAR-Max 4 Washdown pump to keep the deck clutter free.
- The included hose adapter comes with a pre-installed check valve that connects your hose with a simple twist to the deck fitting.
- Deck fitting 1/2" npt female x 3/4" garden hose thread male.
