Danforth® Quest™ Compasses

The Quest Compass' unique bracket design provides the versatility to mount your compass at any angle—on horizontal, vertical and even overhead surfaces. And with the adhesive mounting disk provided, use of screws is optional. (2 screws provided) Our exclusive NO-SPIN card technology gives you guaranteed accuracy and rock-steady readings in a small, sporty size. Hi-flux corrector magnets provide the added measure of adjustment often required for automobile, RV, ATV, snowmobile and certain marine installations. 12 VDC red night illumination is standard.
