

GROCO® Full-Flow Flanged Ball Valves

Field reversible handle allows you to select the closed position orientation (clockwise or counter-clockwise) that best suits the installation.

- Handle has square hole to accept standard ratchet, to help with hard-to-reach valves and those that are difficult to operate
- Full Pipe Size Flow
- Triangular Base with bolt pattern to match most popular brands makes retrofit easy
- Stainless steel stem, handle and hardware
- Chrome plated brass ball
- Teflon Seats and Seals
- Bonding attachment on base
- Drain plugs on both sides for convenience of winterization
