

# 700 LUBRICANTS AND ADDITIVES

## Starbrite

Startron® is the world's first fuel treatment to be based on naturally occurring enzymes. Functioning as biocatalysts, enzymes increase and control the rate of chemical reactions. Startron® uses highly specialized enzymes to modify how gasoline and diesel fuel burns, the end result being more complete and uniform combustion. This same enzyme package disperses harmful microbial growth, cleans the fuel delivery system and combustion chambers, stabilizes fuel chemistry and reduces engine emissions.

### Star Tron® Gasoline Additive

- Reduces all emissions
- Prevents fuel oxidation and stabilizes fuel chemistry (for at least 1 year for gasoline and two years for diesel).
- Lowers fuel system maintenance
- Eliminates carbon build-up in fuel delivery system and on exhaust components
- Increases fuel economy up to 15%

### Star Tron® Diesel Additive

- Eliminates algae and fungal growth without the use of poisons
- Reduces all emissions, including carcinogenic, particulate smoke
- Prevents fuel oxidation and stabilizes diesel chemistry for at least two years
- Lowers fuel system maintenance
- Eliminates carbon build-up from burners, injectors and exhaust components
- Increases fuel economy up to 15%

## VALVTECT

### ValvTect Diesel Guard™ Heavy Duty Marine Diesel Fuel Additive

Specially formulated to prevent and solve all diesel fuel related problem in marine applications. Diesel Guard is formulated to stabilize diesel fuel for long term storage, prevent sludge and filter plugging, lubricate fuel injectors, disperse water and prevent rust. It will raise cetane to reduce smoke, diesel odor and soot. Exceeds the superior rating for clean-up of injector deposits to improve power output and reduce fuel consumption. Provides peak engine performance, reduces maintenance and extends engine life. Diesel Guard Heavy Duty Marine Diesel Additive can:

- Stabilize fuel to prevent sludge formation and filter plugging.
- Disperse water and prevent rust.
- Extend fuel filter life.
- Clean, lubricate and extend the life of injectors.
- Raise cetane up to 4 numbers.
- Reduce smoke and transom soot.
- Eliminate objectional diesel odor.

32 oz. bottle treats 250 gallons.

### Year Round Fuel Treatment & Stabilizer

For gasoline or diesel fuel 2 - or 4-cycle engines Patented Duralt™ formula.

- Improves fuel economy
- Improves cetane of diesel fuel
- Stabilizes fuel up to 8 months
- Treats up to 128 gallons. 1 ounce for every 16 gallons of gasoline or 12 gallons of diesel fuel

### VALVTECT Fuel Dri Water Remover & Rust Inhibitor

Fuel Dri is specially formulated for moist, humid marine operating conditions. It is a non- alcohol water dispersant and corrosion inhibitor that safely removes water from both gasoline and diesel fuel systems. For all 2 & 4 cycle gasoline and diesel systems.

Regular use will help to:

- Safely remove water from the fuel system.
- Prevent fuel system corrosion.
- Prevent fuel filter plugging.
- Eliminate hesitation due to water contamination.
- Allow fuel water separator to function properly.
- Prevent fuel line freeze.

16 oz. bottle treats 250 gallons.

VLV FLDS16	16 oz.	\$12.91

### Starbrite Star Tron Tank Cleaner

A revolutionary enzyme tank cleaner additive

- Exceptional in cleaning sludge and algae from gasoline and diesel tanks
- Slows the recurrence of new algae that can contaminate fuel
- Enzyme will clean tanks better than any tank cleaning service.

64 oz. treats up to 250 gallon capacity tank
