

# 720 COMPOUNDS AND SEALANTS

## Instant Gasket

- Replace any size and shape gasket instantly
- Resists temperatures of -100° F to +600° F
- Fast curing – high performance

BoatLIFE Marine Instant Gasket is a high performance, high temperature, red silicone gasketing material designed to form a positive seal and insure a tight fit without the use of multiple pre-cut gaskets. One tube offers the ability to make every size gasket in any shape and size. Instant Gasket will perform -100° F to 500° F for continuous operation – and to 600°F intermittently. Use on oil pans, water pumps, oil pumps, carburetors, water hoses, battery cases, valve covers, and all threaded connectors.

## Slick Seam™ Caulking Compound

SLICK SEAM is a remarkable caulking compound made of fine waxes, pure mineral products, and silicate fibers. This combination makes SLICK SEAM not only effective but easy to use for any underwater seam application – it requires neither mixing nor priming. Once in place, SLICK SEAM stays put no matter how much wood flexes or swells. It adheres to most solid surfaces whether wet, dry, or even oil stained. Cures ready for painting in half an hour.

## 2-Part Life Calk® Sealant

\* Fast cure for builders and boatyards.

May be used anywhere, above or below the waterline, on fiberglass, wood, or metal. 2-Part Life Calk® is faster curing, especially in cold weather. Type P – Pourable, for deck or other horizontal seams. Can be sanded after curing. 2-Part Life Calk® is a true elastomeric sealant and is completely waterproof. Resists oil, gas, salt water, weather and aging. No priming needed for Type P. Black only.

## Life-Seal®

Combining Polyurethane and Silicone, Life-Seal® provides the best of both worlds. It is fast skinning (10 minutes) and fast curing (24 hours). It will remain flexible for years and years, and will not harden like basic Polyurethanes. It has been designed as the ideal sealant for fiberglass boats. It can be used above or below the waterline on any fiberglass boat. For wooden boats we recommend Life-Calk® Polysulfide sealant.

**Fast-curing Polyurethane/Silicone adhesive sealant.**

**Designed specifically for Fiberglass boats.**

**Permanently flexible, non shrinking.**

**Outstanding adhesion to fiberglass, glass, plastic and wood.**
