SHI YBP0108	Qt.	8	\$46.79
SHI YBP0109	Gal.	4	\$172.12

**Finesse-It Marine Paste Compound – White**

Designed specifically for aggressive compounding of gelcoated fiberglass surfaces. This product is also well suited for boat reconditioning of oxidized surfaces/finishes. While color reduces the potential for staining of light colored boats. Has long-working time, requiring less compound to be used per application.

**Finesse-It Finishing Material**

Designed for use on topside paint systems to remove Grade Microfine 1500 IMPERIAL WET OR DRY sand scratches, or to remove swirl marks after compounding, while leaving a glazed finish. 12 per case.

ORDER NO.	SIZE	PRICE
MMM 09048	Pint	\$33.12
MMM 35928	Quart	\$56.00

**Marine High Gloss Gelcoat Compound**

This paste compound is designed to quickly remove P600 dual action or 1,000 wet sanding scratches from production gel coat. This compound contains no wax or silicone and leaves a high gloss finish without swirl/wheel marks. It has a unique formulation which reduces slinging while buffing. Best results are obtained when used with a 3M™ Superbuff™ Pad (PN 05700) or 3M™ Hookit™ Compounding Pad (PN 05711) on a slow-speed polisher (1,500-2,500 RPM).
