MMM 06064	32 oz.	6	\$51.31

Light Duty Rubbing Compound

Removes light scratches, minor oxidation and restores finish to topsides. Can be applied by hand or with electric buffer. Unique formula is aggressive and safe for use on fiberglass, wood metal and painted surfaces.

ORDER NO.	SIZE	CTN.	PRICE
INT YMA012	500 ml. (16.9 fl. oz.)	6	\$13.00

Liquid Rubbing Compound

Removes stains, heavy oxidation, scratches. For fiberglass, metal and painted surfaces. Convenient liquid formula for hand or buffer application. Does not "set up" like most rubbing compounds so removal is quick and easy. Apply in direct sunlight.

ORDER NO.	SIZE	CTN.	TYPE	PRICE
SBC 81316	16 fl. oz.	12	Medium	\$14.30
SBC 81318	16 fl. oz.	12	Heavy	\$14.30

Paste Rubbing Compound

For fiberglass, metal and painted surfaces. Easy to use. For hand or buffer application. Removes stains, heavy oxidation, scratches. Apply in direct sunlight. Presoftened paste formula does not "set up" like most rubbing compounds so removal is quick and easy.

ORDER NO.	SIZE	CTN.	TYPE	PRICE
SBC 82614	14 oz.	12	Medium	\$13.45
SBC 82616	14 oz.	12	Heavy	\$13.45

WOODY WAX

Ultra Gloss Fiberglass Restoring Compound:

This is a new compound which is unique in several ways because it is designed specifically for fiberglass and gelcoat:

- Contains oxidation removing components that break down oxidation as soon as it is applied.
- Contains a diminishing abrasive that gets finer as you polish, leaving a super high gloss finish. (High gloss finish in 1 step not 2 or 3!)
- Contains lubricants that reduce friction and heat, while aiding in the ease of application. These lubricants allow for use by hand or a high speed buffer without fear of damaging your finish.
- Contains waxes that penetrate into your gelcoat bringing out the original color and protecting your finish so you don't immediately have to apply a coat of wax on your new finish as you would with other compounds.
- Ultra-gloss with its diminishing abrasive allows you to complete all the steps necessary to bring badly oxidized or dull fiberglass up to a high gloss finish in just one step.
