Damp Away Dehumidifier

Automatically Removes Moisture From Your Boat for Months! Odorless.

Place them in cabins, lockers, closets, heads, cabinets, basements, and other enclosed areas where humidity and moisture build up. Will absorb 14 times its own weight of water from the air. Lasts for months – when water collects, pour off and replace. Will not overflow. Perfect for winter lay-up too!

Mildew Control Bags – New and Improved Formula MDG

You will notice the pack is lighter than our previous version. However, this new patented formula of MDG is 5 times more effective than our old product. It is the results of 5 years of research between Star Brite and our joint venture partner Englehard. It safely kills and stops mildew from growing. In addition, it kills fungi, bacteria, and viruses. Used as specified, it is safe for humans and pets. It is also non-staining. When the package is opened you will smell a slight chlorine type smell which is normal and fresh smelling. Use the product exactly the same as the old version. Simply tear the foil seal pouch and place the sachet in the sock net provided (bulk packs) or the proper holder for individual units. Hang in convenient location to allow product to circulate throughout the enclosed area.
