

Marine Outboard, I/O and Anti-Fouling Paints

MÖLLER

Engine Paint

Heat and solvent resistant acrylic lacquer is formulated for the extended staying power boat engines need.

- Color matched to your engine's original color.
- For use on all outboard & inboard engines, stern drive and lower unit applications
- Produces an insulating barrier that goes beyond aesthetic appeal.
- Formula is resistant to oil and gasoline solvents within the marine environment.
- Paints are color matched to the most up-to-date line of OEM paint colors.

Spra-tool®

A versatile and economical spray gun with all the convenience of an aerosol can.

Spra-tool® is the quick and easy way to accomplish everything from the small craft project to touching up paint. It provides a controlled spray pattern for even coverage and sprays most liquids, including higher-viscosity paints such as latex. There are no wires to hook up, no batteries, or bulky compressors. Interchangeable spray tips accommodate a variety of product viscosities. Can be used to spray lacquers, varnishes, stains, oil- and water-based paints, lubricants, cleaners, insecticides, weed killers, fertilizers, water, and multi-colored spatter coatings. Kit 8209 comes with Power pack, jar with cap, snap on head with two extra tips.
